
Student Disability Services Application

Dear Student:

Thank you for your interest in the services offered by The University of Iowa's Office of Student Disability Services (SDS). It is important that you complete and return this application along with documentation of your disability. Please refer to the documentation guidelines for your disability for specific requirements.

- For current University of Iowa students, you should complete this application and submit documentation as soon as you are aware of a disability-related need for services. The completion of this form and submission of necessary documentation allows us to work with you in planning effective academic accommodations during your tenure as a student at The University of Iowa.
- For applicants to The University of Iowa, documentation review will not begin until confirmation of your admission to The University of Iowa and that your acceptance fee has been paid.

Please note that your request for services will not be reviewed until both a completed request form and appropriate documentation are on file at SDS. Accommodations take time to implement and may not be available immediately, particularly at the end of a semester. Information provided to SDS is considered confidential. SDS staff will verify that documentation is on file at SDS and will discuss your accommodations only with faculty and University staff on a need to know basis.
